Passed 4-0

Discussion:

If the state is the one that suspends a coach, they should be the one to enforce it
Parents of Porta FC were notified of suspension of coach on 9-25-08. Ric and Sally went
To meet with the parents and answer any questions.
State should be the ones issuing player cards and coaches cards. These are state cards.
Elite needs to be stricter than the state when it comes to discipline.

Discussion

Opening day went very well only a couple of minor complaints that can be corrected easily
Fields looked good and there were 3 refs at every game.
Games at Green Valley went well

Discussion

Referees for the most part did a great job. One used the wrong size ball on games. The referees need
To be informed of the ICP rules. They did not have a thorough understanding. Check in procedure
Also needs to be worked on by the referees. Referees would like game cards in advance so they know
What age groups and can be prepared.

Discussion

Schedules still need a little work. We also need the system to inform teams of changes that are made.

Discussion

Sponsorship. We need to get a sponsor to provide corner flags, game balls, tents and shirts so that fields are
Ready when teams show up. We need to budget for a crew to do set-up and tear-down for games.

Discussion

Games for u/6-u/10 during the Winter Break

Next meeting will be October 3, 2008 9:00 at Roger Tabors Office.

Motion to adjourn

Ric Grenell
Seconded by everyone
