Discussion:

We have had some problems with scheduling. Saeed is having some games filled in with teams from the Other leagues. They pay \$50.00 per game to cover referee fees. Need to improve the schedules for the next Season so there are not so many changes.

Discussion:

Referees: It has been going good with the referees. Should we limit them to 3 games, as some are looking Wiped out by the end of the day. Bob Singer has worked out the payment of referees with Mike Thompson Treasurer so that they have a payment system in place. Payment system is working.

Discussion:

ICP policy. Clubs need to talk to their coaches and explain the ICP policy. There is still a lot of confusion as To how the system works.

Discussion:

Start up of next season: We should have our fields identified so that next season we will know the fields we are using. We anticipate that the new season will begin the week of January 10th. There is a meeting on fields And the proper use of fields. Making sure they are being utilized.

Discussion:

Winter league for Elite. Elite will not do a winter league for U/10 and below.
